Dear Student Member of AET,

Now that you have chosen educational therapy as a profession, we hope when you graduate you will be interested in becoming an even more committed and involved participant in AET. To that end we are seeking ways to help you **make the transition from Student to Associate Educational Therapist member**. We offer a one-time reduction in the Associate ET membership fees from \$225 to \$100 for the first year following graduation. In addition, Student Members are eligible for the early application process.

To make your transition as efficient as possible we encourage you to **begin the application process while you are in your last semester or quarter**. We suggest complete the Associate Educational Therapist membership application form, update your résumé, and collect available transcripts including evidence of the course work you are currently enrolled in. Submit these documents to AET and we will begin to process your application, **putting everything in place to accept you as an Associate Educational Therapist member** pending completion of your course work and delivery of final transcripts to the office. Meanwhile you will keep your student status and \$50 membership fee.

Early application and approval at the Associate ET level will allow you to begin to upgrade your membership to Educational Therapist/Professional (ET/P) immediately upon graduation, rather than waiting until your transcripts are released, often a number of months after graduation. You will then be asked to submit documentation of direct service experience so your BCET-supervised hours can be assigned. If you have a BCET you wish to work with please let us know at that time; if not, one will be suggested to you.

Move your professional membership forward as quickly as possible by taking advantage of this early application opportunity. Gain recognition as an educational therapist who is working to meet rigorous educational and training requirements. Be listed in the geographically organized membership referral directory, and continue to benefit from reduced fees for AET events and access to study groups. We look forward to receiving your Associate ET application!

Sincerely,

The AET Membership Committee
